Additional information

ADDITIONAL INFORMATION

Please bring: face mask (for sulfur fumes), flashlight, water, snacks & warm clothing.

Volcano tours are usually fully booked months in advance, so please book your tour early. If you are travelling during Christmas time, it is especially important to book as early as possible, as this is the busiest season.

Itinerary

Day 1: Kuta - Bondowoso, Indonesia

Transfer Kuta to Ketapang (Ijen Crater Area) with Banyuwangi Tour

Today you will be picked up around 8am from your accommodation in Kuta for a transfer by private AC vehicle to the western tip of Bali, where you will catch a ferry to cross the Bali Strait and reach the Banyuwangi ferry port on the eastern point of Java Island. On arrival you will be taken on a short city tour in Banyuwangi before being transferred to your accommodation in Ketapang for overnight.

Day 2: Bondowoso - Bromo, Indonesia

Ijen Blue Fire & Crater Lake - Transfer to Mount Bromo (B)

Start your day with an early pick-up around 1am for a once-in-a-lifetime opportunity to see the ethereal blue glow of the Ijen Crater. Admire the dazzling, electric-blue fire that can often be seen burning upward into the sky, glowing naturally from the sulfur-rich volcano.

As the sun rises, the blue fire will turn to yellow and then fade away. Resting on the edge of the crater (2883m) you will have the opportunity to take pictures and enjoy the breathtaking panorama of this kilometre-wide, turquoise crater lake as the sun rises. You will also have the opportunity to contemplate the arduous job of the sulfur miners that go up and down the crater carrying loads of up to 80kg on their shoulders, on dangerous paths without much safety protection.

After enjoying the the amazing scenery of the Ijen Crater, it is time to descend the slope of Mount Ijen to catch your private transportation that will take you for a quick visit to a hot spring and a plantation (optional) where you can see the activities both on the land and in the factories: local people processing coffee, rubber and chocolate (depending on the season).

After this adventurous day, continue your trip with a private transfer to Mount Bromo area around 12pm, where you will reach your accommodation in Cemara Lawang village and have the rest of the day to relax and overlook the active volcanoes of Mount Bromo, Batok and Kursi. Overnight in Bromo area.

Day 3: Bromo, Indonesia

Bromo Sunrise & Sunset Tours (B)

Depart at 4:00am in a 4WD vehicle to climb up Mt. Penanjakan, where you can admire an amazing sunrise and the stunning scenery of Semeru Tengger National Park, including Mount Bromo and active Mount Semeru as they create a breathtaking display of lights and shadows, accompanied by the mystic fog of the caldera. After sunrise, the adventure will continue with an active hike (you can ride a horse at extra cost) to Mount Bromo Volcano through the famous "Sea of Sands" before returning back to your accommodation around 8:00am.

Enjoy the rest of the day at your leisure and get ready to go out again later in the afternoon, when you will be transferred to Mentigen Hill to watch the sunset at Mt. Bromo. Transfer back to your accommodation for overnight.

Day 4: Bromo - Kuta, Indonesia

Transfer Mount Bromo to Kuta (B)

It is time to say goodbye to East Java and the spectacular Mt. Bromo and catch your return transfer to Kuta via Ketapang. This is a long journey that begins around 10:00am, arriving in Kuta in the evening. Upon arrival at your accommodation in Kuta, this amazing adventure will come to an end. We wish you safe travels onward.
