Itinerary

Day 1: Denpasar Airport- Lake Batur, Indonesia

Kuta Accommodation Pick-Up & Transfer to Lake Batur

Today your adventure begins with a pick-up from your hotel in Kuta and a transfer to Kintamani in the breathtaking Lake Batur area. Covering an area of 18 square kilometers, this emerald-blue lake is Bali's largest crater lake and is revered as a spiritual site by local people. Enjoy the rest of the afternoon at your leisure to relax, explore, and get settled into this amazing area. Overnight in Kintamani.

Note: Instead of enjoying a free afternoon, today you also have the option to participate in one of two optional activities (at an extra cost): a guided trip to Trunyan village and sanctuary with a boat trip, lakeside picnic and lunch or a sunset trek on Mt. Batur with sparkling wine and dinner at the top of the volcano (both activities require a minimum of 2 people).

Day 2: Mount Batur - Java Island, Indonesia

Mount Batur Sunrise Trek & Hot Springs Visit

Today you will rise early for a 3am pick-up from your accommodation. We will drive about 30 minutes to Pura Jati, the starting point of your Mount Batur trek. We will make our way to the summit of the volcano in darkness, a journey of about 2 hours. At the summit we will wait for the stunning sunrise around at 6 o'clock, revealing the stunning views over Lake Batur. After sunrise we will explore the area and head to a local hot springs for a well-deserved rest before returning to Kintamani.

We will leave Kintamani at 10am for a transfer to Ketapang town, where you will check into your accommodation and enjoy the rest of the afternoon at your leisure to relax, explore, and get settled in. Overnight in Ketapang.

Day 3: Java Island, Indonesia

Ijen Blue Fire & Crater Lake - Private Transfer to Mount Bromo

Start your day with an early pick-up around 1am for a once-in-a-lifetime opportunity to see the ethereal blue glow of the Ijen Crater. Admire the dazzling, electric-blue fire that can often be seen burning upward into the sky, glowing naturally from the sulfur-rich volcano.

As the sun rises, the blue fire will turn to yellow and then fade away. Resting on the edge of the crater (2883m) you will have the opportunity to take pictures and enjoy the breathtaking panorama of this kilometre-wide, turquoise crater lake as the sun rises. You will also have the opportunity to contemplate the arduous job of the sulfur miners that go up and down the crater carrying loads of up to 80kg on their shoulders, on dangerous paths without much safety protection.

After enjoying the the amazing scenery of the Ijen Crater, it is time to descend the slope of Mount Ijen to catch your private transportation that will take you for a quick visit to a hot spring and a plantation (optional) where you can see the activities both on the land and in the factories: local people processing coffee, rubber and chocolate (depending on the season).

After this adventurous day, continue your trip with a private transfer to Mount Bromo area around 12pm, where you will reach your accommodation in Cemara Lawang village and have the rest of the day to relax and overlook the active volcanoes of Mount Bromo, Batok and Kursi. Overnight in Bromo area.

Safety Note: Please be aware that there are health risks associated with breathing the fumes that are emitted by the Ijen crater. We will be providing face masks to protect you from the fumes, but all guests wishing to participate will be required to sign a waiver.

Itinerary Note: You can optionally start today's excursion at 11pm to give yourself more time to summit the volcano and enjoy views of the amazing blue fire.

Day 4: Java Island - Kuta, Indonesia

Bromo Sunrise Tour - Transfer to Kuta

Depart at 4:00am in a 4WD vehicle to climb up Mt. Penanjakan, where you can admire an amazing sunrise and the stunning scenery of Semeru Tengger National Park, including Mount Bromo and active Mount Semeru as they create a breathtaking display of lights and shadows, accompanied by the mystic fog of the caldera. After sunrise, the adventure will continue with an active hike (you can ride a horse at extra cost) to Mount Bromo Volcano through the famous "Sea of Sands" before returning back to your accommodation around 8:00am.

Freshen up and pack your bags before saying goodbye to Java and catching your return transfer to Bali. This is a long journey that begins at around 10:00am, arriving in Kuta in the evening. On arrival at your accommodation in Kuta, this amazing adventure will come to an end. We wish you safe travels onward!
